

Why eSpark?

-  eSpark is a supplemental curriculum resource for math and reading with a unique, play-to-learn approach.
-  eSpark meets all requirements for evidence-based interventions under ESSA and has consistently been proven to improve student outcomes.

-  eSpark is versatile enough to be used as an additive to any core or supplemental curriculum for small groups, center rotations, or homework.
-  eSpark is used (and loved) by over a million students spanning all 50 states—the buzz is real!
