

Teacher Instructions

- ◆ Print the following game boards and distribute to students. These can also be uploaded virtually.

Pro tip: laminate the game boards to reuse them in the future!

- ◆ Students can mark their called numbers by writing on the game board, placing down chips/counters, or whatever works best for your students.

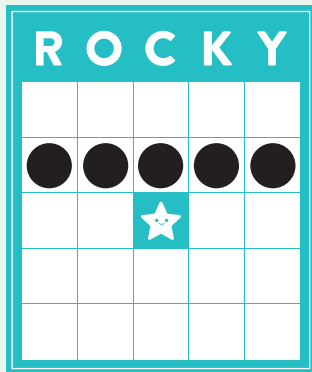

- ◆ Access the number caller by [visiting this website](#). You can display this on the board for students to see.

- ◆ Draw numbers and instruct students to mark their game boards each time they have a match.

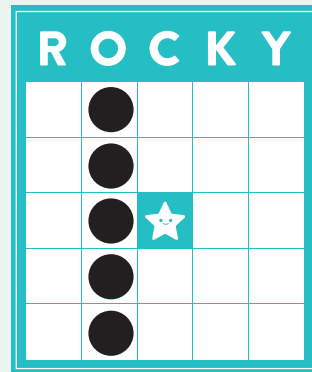

Student Instructions

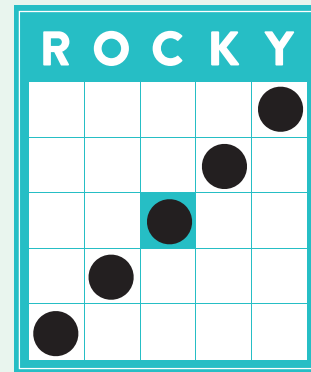

- ◆ Start your game by marking “X” over your star. This is a free space! 
- ◆ Listen closely for your teacher to say a letter and number. If you have that number in the same column (up and down) as the letter, mark an “X” over that number.
- ◆ If you get five pieces in the same horizontal, vertical, or diagonal line, raise your hand and say “**ROCKY**”!
